CFCI Care Grant (Care First Community Investment) Funding Opportunity - Year 3

Background

On November 3, 2020, the voters of Los Angeles County approved Measure J, which directed the County to set aside at least 10% of the County's locally generated unrestricted revenues to address systemic racism through direct community investment and alternatives to incarceration. While Measure J was nullified by a court action, the Board of Supervisors (Board) established an Advisory Committee and charged the committee with developing spending recommendations that aligned with the intent and purpose of Measure J, now renamed Care First Community Investment (CFCI). Under direct Board authority, the Board of Supervisors adopted the core Measure J policies through the creation of Care First and Community Investment programs and budget set-aside.

CFCI adheres to the spirit of Measure J and the above-mentioned budget policy by allocating at least 10% of locally generated unrestricted revenue to be invested directly into communities and alternatives to incarceration to address the impact of racial injustice — in particular within the criminal legal systems. In addition, CFCI prohibits using these funds for carceral systems and law enforcement agencies. The CFCI Programs budget policy identifies how the County will determine the amount of locally generated unrestricted revenues in the general fund (net County cost) to be set aside for CFCI programs. LA County's new Justice, Care & Opportunities Department (JCOD), which was created by the Board of Supervisors in November 2022, is now responsible for the stewardship of CFCI. JCOD continues to follow the guidance of the Board of Supervisors, CFCI Advisory Committee, and CEO in ensuring that the CFCI funding goes to those who need it most.

On September 12, 2023, the LA County Board of Supervisors approved Year 3 allocations to further advance Los Angeles County's Care First, Jails Last vision using direct community investments and funding for alternatives to incarceration. The Year 3 allocations build upon the Year 1 and Year 2 CFCI investment (including American Rescue Plan Act funding). Funding is distributed in two ways: 1) via County Departments; and 2) via a Third-Party Administrator. In Year 3, the Third-Party Administrator is responsible for distributing approximately \$58MM through 3-year funding awards to service providers.

About the Third-Party Administrator & Year 3 Funding Opportunities

Through a competitive bid process, Amity Foundation (Amity) was selected in March 2022 to act as Third-Party Administrator (TPA) to manage and distribute a portion of funds included in the CFCI spending plans. In Year 3, twenty-five Program Areas have been defined to prioritize housing, youth and youth services, small minority-owned businesses, reentry services, American Indian day care and family resource centers, and TGI mentorship, among many others. Additionally, priority is given to organizations that have historically experienced barriers to accessing County funding. All CFCI funds shall be used to transform Los Angeles County with programs that serve chronically under-resourced communities and address negative outcomes caused by racially driven criminal legal system inequities and long-term economic disinvestment.

Youth become leaders by equipping them with the proper tools, effective treatment, education, and interventions to encourage positive lifestyles, reduce recidivism, and protect our communities. Systems-involved youth should be empowered and can be given rich opportunities and robust support through intensive education, individualized mobile case management, and life skills and career-readiness training opportunities to excel academically, professionally and in life. This project will expand youth development to include sport and play creating more opportunities for youth. Youth sport and play can be during and after school and can be free sports programs. The JENI, JESI and ARDI Indices can be used as a guide, with an emphasis on Black Youth and particularly the AV, Inglewood and Compton communities. These resources can also support programs that use more individualized, dynamic and culturally relevant tools under Trauma Informed Care (TIC) and Healing Centered Engagement (HCE) which is an asset-based expansion on individualized youth assessment and treatment best practices. It will offer educational services, wellness services, job training and placement assistance and serve as a hub for community events and gatherings. <p>Program Area 34: School-Based Youth Development Support Service - This project seeks to support students in high-need school districts. It recommends building partnership agreements between the schools and key community-based organizations (CBOs). The staff from selected CBOs would have on-campus presence at the districts' local middle and high schools as well as serve in facilitating referrals from within the schools to external community-based youth programming services. The school-based youth development services would fund culturally responsive programming focused on social-emotional youth mentorship and intervention on academic performance gaps (such as chronic absenteeism and/or tutoring services). At-large, the recommended project will promote positive outcomes among African American, Latinx, and Indigenous male, female, TGI, and gender non-conforming students.</p>	<ul style="list-style-type: none"> • Minimum amount of each award: \$50,000 per year for three years (\$150,000) • Max amount: \$400,000 per year for three years (\$1,200,000) † 	<p style="text-align: center;">\$3,554,700</p>

Topics include identity, life skills, wellness, success, intergenerational healing. Community service is also addressed. Children released into society need a positive, older role model to help get them onto the right path. Most juveniles return to offending. Instead of Probation officers, community-based organizations and programs who work with system involved youth can work firsthand with juvenile offenders and would be a great starting point for implementing this new idea of giving youth a role model.</p>	<ul style="list-style-type: none"> • Minimum amount of each award: \$50,000 per year for three years (\$150,000) • Max amount: \$400,000 per year for three years (\$1,200,000) † 	<p style="text-align: center;">\$2,542,350</p>

This program will recruit underrepresented minority students and provide them with support and resources needed to ensure their success in matriculating into medical school and the healthcare field in order to reduce the disparities and inequities seen due to a lack of representation among these groups. Decreasing health disparities will improve physical wellness that will enable communities in LA County to seek employment, improve themselves, and seeks social justice for marginalized communities.</p>	<ul style="list-style-type: none"> • Minimum amount of each award: \$50,000 per year for three years (\$150,000) • Max amount: \$400,000 per year for three years (\$1,200,000) † 	<p style="text-align: center;">\$1,420,350</p>

1. Annual Organizational Budget Requirement

The Year 3 Care First Community Investment Funding Opportunity is intended to benefit direct service community-based organizations that have historically not received funds from LA County. Organizations with annual budgets that total \$1,500,000 or less will be prioritized. Applications will be accepted from organizations with annual budgets greater than \$1,500,000 (larger organizations); however, priority is given to those with budgets under \$1,500,000. If larger organizations submit a proposal that includes subcontracts with smaller organizations (below \$1,500,000 annual budget), that proposal will be prioritized among the remaining larger organizations for awards, subject to available funding.
